

CR: Allowing OTP Users to Be Registered in Multiple Procuring Entities

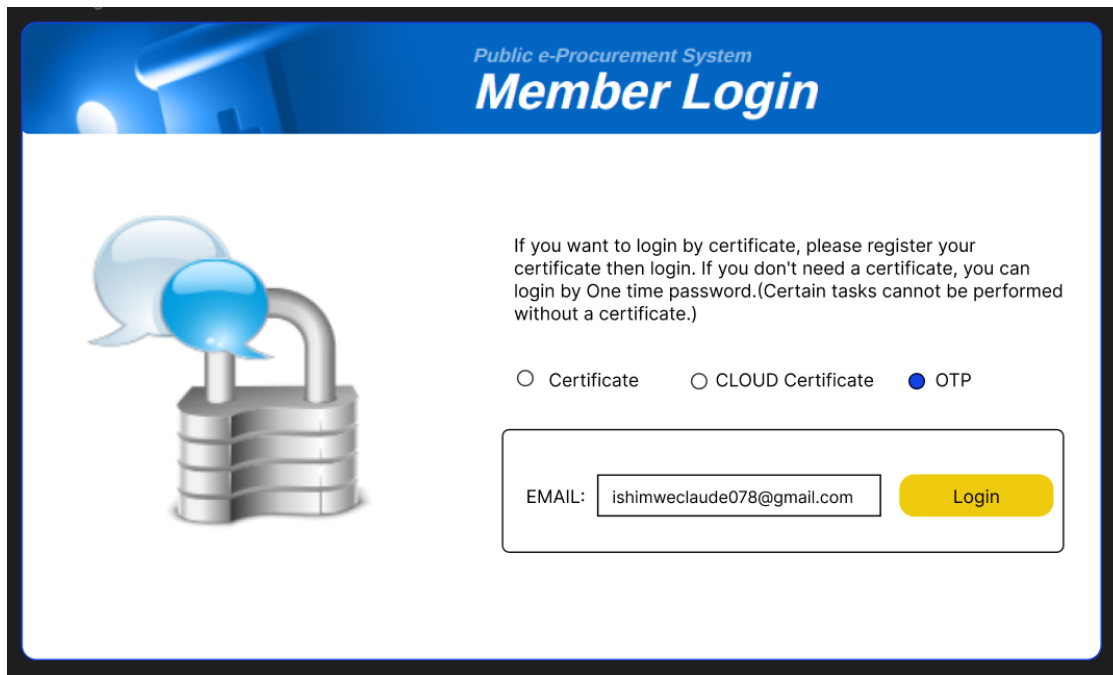

I. Registration:

- Registration will be the same as it is currently done but allowing an existing email to be reused.

II. Login:

Login process will be as follows:

1. Enter email used for registration, then click login

The screenshot shows the 'Member Login' interface of a 'Public e-Procurement System'. The header is blue with the text 'Public e-Procurement System' and 'Member Login' in white. Below the header, there is a graphic of a database cylinder with a blue sphere and a speech bubble. To the right of the graphic, there is a text block explaining login options: 'If you want to login by certificate, please register your certificate then login. If you don't need a certificate, you can login by One time password.(Certain tasks cannot be performed without a certificate.)'. Below this text are three radio buttons: 'Certificate', 'CLOUD Certificate', and 'OTP'. The 'OTP' option is selected. Below the radio buttons is a form with a label 'EMAIL:' and a text input field containing 'ishimweclaude078@gmail.com'. To the right of the input field is a yellow 'Login' button.

2. Accounts associated with entered email, will be listed to chose one to login with:
